

July 5th, 2023

AQ Plast are performing a yearly reasonable compliance investigation into our supply base, and we source our materials exclusively from reputable manufacturers. All our suppliers are obligated to comply with regulations mentioned below.

We are disclosing this information, to the best of our knowledge, bases upon data from our raw material suppliers and manufacturers.

REACH – Statement

AQ Plast AB declare not to use any of the restricted substances of the REACH Regulations.

We are not a manufacturer of chemical substances being regulated by REACH, but a sole manufacturer of articles containing chemicals (plastics) or metal. According to REACH our sole role refers to be a downstream manufacturer. Although not required to directly register we are committed to assisting our customers in their efforts to comply with REACH.

RoHS – Statement

AQ Plast AB declare not to use any of the restricted substances, as listed in: Annex II of the RoHS Recast Directive 2011/65/EU or Directive (EU) 2015/863.

** In occurrence of changes, concerned parties of deviation from regulations in our products will be informed.*

CMRT – Statement

All our suppliers are obligated to comply with the Conflict Minerals Regulations. Therefore, AQ Plast has determined that material manufactured from our suppliers is in accordance with the regulations.

AQ Plast AB

Krister Fahlström
Managing Director

E-mail: krister.fahlstrom@aqgroup.com

AQ Plast offers injection molding of thermo plastic components with the highest requirements in visual appearance and geometrical tolerances. We also offer thin sheet metal punching and assembling of components to complete products.
